ATTENTION

1. Box Spring Requirement for Standard Bed Frames:

Please note that our standard bed frames are designed to be used with a box spring. Ensure that you have a suitable box spring for optimal performance.

2. Two-Person Installation Recommendation:

We strongly recommend that two people collaborate to install the repair kit. This ensures efficiency and safety during the installation process.

3. Regular Screw Tightness Check:

As part of regular maintenance, it is advised to check the tightness of all screws every 6-8 weeks. This helps maintain the stability and durability of your bed frame.
